HOGAN ASPHALT

Hogan Asphalt is conveniently located in the heart of the New York Metropolitan area with immediate access to NYC, Central New Jersey and surrounding areas. Our site is unique in that it offers a 680^{ft} dock, one mile of rail, and direct highway access via the Goethals Bridge in Staten Island, New York.

Our plant serves the needs of the following types of contractors:

- Paving
- Blacktop
- Pothole Repair
- Highway
- Driveway

Our state-of-the-art quality control laboratory is NYSDOT inspected and authorized yearly for equipment compliance. Also, all of our mixes are approved to ensure that equipment has been calibrated to meet DDC specifications.

You can always expect our quality assurance team to test various asphalt mixtures to guarantee consistent material that continually meets inter-agency specifications.

Our commitment to integrity has proven to be a vital part of our success and the quality of our asphalt products is unsurpassed. We have the largest most comprehensive facility on Staten Island, providing our customers with the ability to purchase asphalt locally, thus saving them from the high cost of transport.

If you are a homeowner, we strongly recommend hiring professional contractors for your projects as improperly handled materials can cause problems that are costly to repair.

Hogan Asphalt is committed to customer service and encourages you to call with any questions or concerns you may have. Our staff is available during business hours between 7 am and 4 pm. If you require a quote, please contact us:
